

The 100% Cloud-Based Form Filler

Revolutionize Your Appraisal Business

Reports Now is a fully cloud-based form-filling software designed for appraisers like you. Imagine how much more efficient your business could be if you and your team could work on the same report simultaneously and access it from anywhere, without any hidden fees or expensive integrations.

Build Better Reports, Faster, From Anywhere

This isn't just another form-filling software. Reports Now comes with an entire suite of tools and revolutionary features specifically designed for appraisers who want to build better reports and simplify the appraisal process.

Cloud-Based Form Filling

Update and access your reports from anywhere, at any time, without worrying about the limitations of desktop software.

Real-Time Collaboration

Work on reports simultaneously with your team, streamlining your process and saving time.

Affordable Month-to-Month Billing

No hidden fees or expensive add-ons, just a fair pricing structure that suits your needs.

Smart UAD Rules

Say goodbye to errors and omissions! Reports Now includes real-time prompts to help minimize revisions.

Calculate Floor Plans

Use Apex Sketch feature to draw a property floor plan, and the property square footage will calculate automatically.

Automatically Generated Picklists

Reports Now gathers the most common and recently used responses for each field, and adds them to the picklist for you to reference on future forms.

What is the cost?

Add the complete Reports Now experience to your Anow subscription starting as low as \$30/per appraiser/per month

Calculate and find out which plan is best for you at anow.com/pricing
