

VOXTUR Lender Toolbox

A User-Friendly Suite of Tools Designed to Put Lending Professionals in Control of Their Data and Targeted Marketing Needs

Voxtur's Lender Toolbox enhances the way property data is delivered to a Lender or Broker. Lender Toolbox provides targeted data to pinpoint homeowners who meet the exact lending program criteria for your various lending options.

Property Information Like You've Never Seen Before

Identify More Leads

Nationwide property data accessibility. Confirmed with GPS, time/date stamps.

Match the Best Prospects to Products

You provide the lending criteria details, and we provide pre-loaded addresses that meet your request.

Lead Lists Are Dynamic

Each address is actionable for access to property details and reports. Records are updated daily.

Share Lists Quickly

Share your valuable lists directly into your broker's account.

Email Alerts

Be automatically alerted to property changes and updates in your searches.

The Most Powerful Tool For Increasing Real Estate Investment ROI in Today's Market

Looking to identify candidates in targeted geographic areas for lending options? What if you knew a household had unpaid loan balances, a high-interest rate, or a large amount of equity built up? Now that you have identified the owner/address, what if you had data details and phone and email address to contact them? You can do all that and so much more — in one place with Lender Toolbox.

Available on Any Device

Lender Toolbox works on any device: iPad, iPhone, Android devices, Macs, and PCs.

Maps Make Search Easy

Search for an individual property or groups of properties with just a click.
